Funding for World Language Programs

Prepared by
Jennie L. Frazier and Irma R. Torres
World Language Consulting
Planning for funding: Create advocacy

1. Support:
   - Establish a support network to facilitate and develop the rationale for the importance of a quality world language program

2. Rationale:
   - Gather and develop benefits of second language learning:
     - improved academic achievement
     - increased cognitive development
     - positive attitudes and beliefs toward other people and cultures

ACTFL rationale
Japanese rationale
Researching and Securing World Language Funding

Levels:
1. National
2. State
3. Local
Researching and Securing World Language Funding

Sources:

1. Government
2. Language organizations
3. Business
4. Private or foundation organizations
Researching and Securing World Language Funding

Funding Components:

1. Staffing
2. Materials
3. Curriculum development
4. Professional development
5. Assessment
Every grant has two parts:

1. **Narrative** – abstract, project description, justification, goals and objectives, evaluation, procedures and activities, timeline, dissemination

2. **Budget** – individual line items with estimate of total project cost

Federal FLAP Grants

1. Definition

- Foreign Language Assistance Program
- Federally funded
- Multiple-year grant
- Matching funds to establish, improve or expand articulated K-12 or K-16 programs
- One of the largest sources of federal funding
- Awarded to individual districts or state agencies
- Matching FLAP funds not limited to new local funds
- Priority given to National Security Language Initiative critical world languages
2. FLAP Grant Process

- Competitive
- Cost sharing program
- Must match 100% of federal funds each year
- Waivers available for district financial hardship

3. FLAP Grantees – 2009 Japanese

- South Orangetown Central Schools, Orangetown, New York
- Northeastern Educational Intermediate Unit, Pennsylvania
- San Francisco Unified School District, San Francisco, California
- Fayette County Public Schools, Kentucky
- West Virginia Department of Education
4. FLAP Grants – Tips

- Develop extended sequence of study (K-12 or K-16)
- Design standards-based curriculum
- Promote high levels of proficiency (Advanced/Superior)
- Integrate technology
- Collaborate with state or local education agencies
- Create intensive summer world language programs for professional development
- Combine with other critical languages
- For additional tips see: JNCL-NCLIS Tricks of the Trade
National Funding: Additional Sources

1. Department of Education/Funding Opportunities Page
2. Federal Register Search Engine
3. Grant Announcements from the Department of Education
